

NASHVILLE POWER CIRCLE

The Nashville Power Circle is a networking circle made up of only highly ambitious and self-motivated entrepreneurs and business professionals based in the Nashville/ Middle Tn. area. The group meets bi-monthly, in order to build/maintain genuine relationships, share ideas and properly conduct business beneficial to all involved.

The Power Circle serves 3 main purposes for the up and coming business professionals.

1. Networking Opportunities- the opportunity to network with other business professionals and build genuine relationships, as opposed to merely exchanging business cards.
2. Information Sharing- the opportunity to share information allowing members to benefit and learn from the knowledge and past experience of other members.
3. Collaborative Efforts- out of the networking and information sharing opportunities the possibility for project collaboration is born. As well as the group itself being a springboard upon which, members can pitch project ideas off of/onto, in an effort to strengthen and streamline ideas and gain valuable and practical input for their projects and business models.

The Power Circle is an organized gathering of business ideologist, with each member making a plausible contribution and as a result receiving a viable “return” on that investment. Considering that a common theme among small business start ups is a lack of funds, the members contribution and reward come in the form of experience, information and contacts, all of which are invaluable to any up and coming business professional.

The Power Circle’s membership currently consists of 10 entrepreneurs and business professionals, and has room for many more. We currently meet on the 1st and 3rd Sunday of every month.
